## ABOUT US

The **MINCON Group** is a network of Independent Consultants from various business and corporate disciplines whose common goal is to achieve business results through **Innovation, Experience** and **Leadership**. The group is comprised of senior level managers and professionals offering a variety of consulting services in the areas of IT Leadership, IT Strategy and Road Maps, IT Assessments, Seminars in IT Excellence, Turnarounds, Cross Cultural and Multi-Country Engagements.

Each of the Independent Consultants in the **MINCON Group** are incorporated and insured. This guarantees that each business client is working with a business owner whose success is based upon their ability to deliver results and complete customer satisfaction. Their success is their reputation in the marketplace.

The **MINCON Group** established an affiliation with several key consulting entities. Traditional Consulting companies provide competent temporary staffing for projects, programs and a packaged solution for any customer's unique requirements. The Management Consulting Groups specialize in a variety of services for business engagements: operations, training, marketing, human capital, leadership development, mergers, acquisitions, alliances, business turnaround and investment. The Independent Consultant Affiliates prefer to provide staff augmentation to our existing customer base. All of these relationships are leveraged to enhance our services offering, visit their web links to understand their unique contribution.

The **MINCON Group** publishes a "Monthly Newsletter" containing a variety of articles which describes actual business issues. The articles are written by our consultants for our clients, the affiliate companies and the industry. Consultants in the group also participate in public speaking engagements. A list of suggested topics is presented in our services section.
